## ABOUT OUR COMPANY

Blankin Equipment Group, a division of Chesapeake Systems, LLC has been a local institution HVAC industry for over 100 years with experienced sales and engineering staff incorporating over 200 years of combined experience.

We have a full staff of outside and inside sales personnel that design and sell commercial HVAC equipment in the Central Pennsylvania, Greater Philadelphia, Delaware, and Southern New Jersey markets. Our job begins by working with Consulting Engineers to become the basis of design with the products we represent. Once the project is offered for bidding purposes, we negotiate with our partners to obtain an order on the equipment we can offer. After the sale is complete, we follow up with all parties involved to ensure that everyone is pleased with the level of service that the entire Blankin team has offered.
